Society Handicap Adjustments:

Notes: Handicap Adjustment

1. Winner of the DAY loses 1 Whole Shot + whatever adjustment from Handicap

2. Players who score 37 or above receive the following adjustment to 36.

A Cat 1. Zero to Ten lose point . 25 for each point

B Cat 2. Eleven to seventeen lose point .50 each point

C Cat 3. Eighteen to Twenty Eight lose point .75 for each point

Up to and including 40 Point then no more adjustment is required

All adjustments to exact handicap: i.e. if a CAT 1 Player off 8 shot 38 adjustment would be 2 x .25 = ..50 which equals 1 Hole Shot

3. All Players who score 32 or less receive 1 shot back

4. All players who score less than 30 points receive 2 shots back

A tried and tested formula that keeps the field nice and tight, with the facility of General Play when required
